## **INDEPENDENT AUDITOR'S REPORT**

To the Members of Elnet Technologies Limited

### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the accompanying financial statements of Elnet Technologies Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss, Statement of changes in equity and Statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and profit, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

<b>Contingent Liability:</b>	
<b>Key Audit Matter</b>	<b>How the Key Audit Matter was addressed in our audit</b>
<p>Refer Note No 36 of the financial statements with respect to exposure on account of differential lease rent and interest on delayed payment of lease rent claimed during the year 2009-10 and 2017-18 which have been disclosed as Contingent Liability by the Company amounting to Rs 1071 Lakhs. The exposure is on account of difference in the computation of Lease Rent for the period from February 14, 1991 to February 14, 1999 and interest on delayed payment of lease rent for the period May 18, 2000 until August 8, 2017.</p> <p>Assessment of contingent liabilities, disclosure requires Management to make judgements and estimates in relation to the issues and exposures. Whether the liability is inherently uncertain, the amounts involved are potentially significant and the application of accounting standards to determine the amount, if any to be provided as a liability, is inherently subjective. Due to the level of judgement relating to recognition, valuation and presentation of contingent liabilities, this is considered to be a Key Audit Matter.</p>	<p>Our audit procedures include:</p> <ul style="list-style-type: none"> <li>• We tested the effectiveness of controls around the recording and re-assessment of contingent liabilities</li> <li>• We discussed the status and potential exposures in respect of significant litigation and claims with the Company's internal legal team including their views on the likely outcome of each litigation and claim and the magnitude of potential exposure and sighted any relevant opinions given by the Company's advisors.</li> <li>• We assessed the adequacy of disclosures made</li> <li>• Assessed the reasonableness of management's likelihood and quantification of outflow assessment; and</li> <li>• We performed retrospective review of management judgements relating to accounting estimate included in the financial statement of prior year and compared with the outcome.</li> </ul>

### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management report, Chairman's statement, Director's report etc but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to

be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Financial Statements.

## **ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT ON EVEN DATE ON THE FINANCIAL STATEMENTS OF ELNET TECHNOLOGIES LIMITED**

### **Auditors' Responsibilities for the Audit of the Financial Statements**

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our

conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **ANNEXURE C TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF ELNET TECHNOLOGIES LIMITED**

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to financial statements of Elnet Technologies ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities

## **TWENTY EIGHTH ANNUAL REPORT 2018 - 19**

---

include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

### **Meaning of Internal Financial Controls With Reference to Financial Statements**

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company

are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls With Reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2019, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

#### Contingent Liabilities

#### Claims against the Company not acknowledged as debt

##### (i) Income Tax demand

There is a dispute with regard to the treatment of income of the company by the Income Tax Department as "Income from House Property", whereas in the opinion of the Company, the income should be treated as "Income from Business", which has been confirmed by the Income Tax Appellate Tribunal (ITAT).

In respect of Assessment Years 1996-97, 1998-99, 2000-01 & 2001-02, the Madras High Court has decided the case in favour of the Company. The Department has filed a special leave petition with the Supreme Court. In the event the Supreme Court reverses the order of the High Court of Madras, there will be a tax liability of Rs.100.58 Lakhs.

In the opinion of the management, the company has a strong case to defend based on the decisions of the ITAT, High Courts and judicial precedence.

##### (ii) Lease Rent

In respect of claim made by Electronics Corporation of Tamilnadu Limited (ELCOT) during the year 2009-10 for a sum of Rs.956 Lakhs towards difference in the computation of Lease Rent for the period from 14.02.1991 to 14.01.1999, the Company prima-facie has reasons that the claim is not tenable and hence, no provision is considered necessary.

During the year, ELCOT demanded interest on delayed payment of Lease Rent amounting to Rs.1,071 Lakhs for the period May 18, 2000 upto August 8, 2017. The management based on its assessment and legal advice obtained is confident of the outcome of the matters in its favour.

### 37 Operating Segments

The company is engaged in the business of 'Developing and maintaining integrated software technology parks' and therefore, has only one reportable segment in accordance with Ind AS 108 'Operating Segments'. The Company's revenue is generated only within India and all operating assets are also located only in India. Accordingly, no disclosure relating to geographical location is applicable.

### 38 Operating lease arrangements

### **Financial risk management objectives**

The Company's activities expose it to a variety of financial risks, credit risks, liquidity risks and market risks.

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework.

The Risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adhere to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and company's activities. The company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

### **Market risk**

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities do not have any exposure to such risks.

### **Foreign currency risk management & Sensitivity Analysis**

The Company's operations do not involve transactions denominated in foreign currencies; consequently, exposure to exchange rate fluctuations does not arise. Accordingly, the Company does not have any exposure to such risks.

There are no hedged or unhedged foreign currency exposure outstanding as at March 31, 2019 & March 31, 2018

### **Interest rate risk management & Sensitivity Analysis**

The Company has only interest free short term borrowings and accordingly is not exposed to interest rate risk.

### **Credit risk management**

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is not subject to major credit risk as the majority of its trade receivables are covered by means of interest free security deposit taken at the inception of the agreement.

### **Exposure to credit risk**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

#### **(a) Trade Receivables**

Trade receivables are consisting of a large number of customers. The Company has credit evaluation policy for each customer and, based on the evaluation, credit limit of each customer is defined. Wherever the Company assesses the credit risk as high, the exposure is backed by security deposits taken at the time of entering into agreement with the customers.

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

(All amounts are in lakhs of Indian Rupees, unless otherwise stated)

The Company does not have higher concentration of credit risks to a single customer. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

### (b) Investments, Cash and Cash Equivalents and Bank Deposits

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Investments of surplus funds are made only with approved Financial Institutions/Counterparty. Investments primarily include investment in units of quoted Mutual Funds, etc. These Mutual Funds and Counterparties have low credit risk.

### Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposit and mutual funds, which carry minimal mark to market risks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

### Liquidity tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

### 41 Retirement benefit plans

#### Defined contribution plans

The total expense recognised in profit or loss of Rs.10.57 lakhs (for the year ended March 31, 2018: Rs. 7.23 lakhs) represents contribution paid to these plans by the Company at rates specified in the rules of the plan.

#### Defined benefit plans

In respect of Gratuity plan and Compensated absences plan, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as on March 31, 2019. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit cost method. The following table sets forth the status of the Gratuity Plan & Compensated absences plan of the Company and the amount recognised in the Balance Sheet and Statement of Profit and Loss. The Company provides the gratuity benefit through annual contributions to insurer managed funds.

These plan typically expose the Company to actuarial risks such as: investment risk, interest rate risk, demographic risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Demographic Risk	The Company has used certain mortality and attrition assumptions in valuation of the liability. The Group is exposed to the risk of actual experience turning out to be worse compared to the assumption.
Salary Escalation risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

In respect of the plan in India, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2019 by Mr.Srinivasan Nagasubramanian, Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

No other post-retirement benefits are provided to these employees.

(All amounts are in lakhs of Indian Rupees, unless otherwise stated)

**(a) Gratuity**

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

**The principal assumptions used for the purposes of the actuarial valuations were as follows:**

Particulars	March 31, 2019	March 31, 2018
Mortality Table	Indian Assured Lives (2006-08) Ultimate	Indian Assured Lives (2006-08) Ultimate
Discount Rate	7.75% p.a.	7.50% p.a.

Employee Attrition rate	9.50% p.a.	9.50% p.a.
Rate of Return on Plan Assets	7.75% p.a.	7.52% p.a.

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Amounts recognised in total comprehensive income in respect of these Gratuity plan is as follows:	March 31, 2019	March 31, 2018
Current service cost	1.86	3.72
Net interest expense	1.74	2.07
Return on plan assets (excluding amounts included in net interest expense)	(1.27)	(1.29)
<b>Components of defined benefit costs recognised in profit or loss</b>	<b>2.33</b>	<b>4.50</b>

Remeasurement on the net defined benefit liability comprising:	March 31, 2019	March 31, 2018
Actuarial (gains)/losses recognised during the period	(0.96)	(2.75)
<b>Components of defined benefit costs recognised in other comprehensive income</b>	<b>(0.96)</b>	<b>(2.75)</b>

- (i) The current service cost and the net interest expense for the year are included in the 'employee benefits expense' in profit or loss.
- (ii) The remeasurement of the net defined benefit liability is included in other comprehensive income.

### Sensitivity Analysis

Sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods of assumptions used in preparing the sensitivity analysis from prior years.

(All amounts are in lakhs of Indian Rupees, unless otherwise stated)

**Maturity profile of benefit payments**

Incidence of Payment	March 31, 2019

Between Year 3 and Year 4	89,525
Between Year 4 and Year 5	88,664
Between Year 5 and Year 10	711,964

**(b) Compensated absences**

The compensated absences scheme is a final salary defined benefit plan, that provides for a lumpsum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as lumpsum.

**The principal assumptions used for the purposes of the actuarial valuations were as follows:**

Particulars	March 31, 2019	March 31, 2018
Mortality Table	Indian Assured Lives (2006-08) Ultimate	Indian Assured Lives (2006-08) Ultimate

## Notes to Financial Statements for the year ended March 31, 2019

### 1 Corporate Information

Elnet Technologies Limited (ETL) was incorporated in August 1990 as a Public Limited Company which is situated in the IT corridor, Rajiv Gandhi Salai, Taramani, Chennai. ETL's core competence is to develop and manage Software Technology Park. ETL has pioneered the concept of Software Technology Park in India and also providing infrastructure to Information Technology and Information technology enabled services industry companies.

### 2 Basis of preparation of financial statements

#### Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

#### Basis of preparation and presentation

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- a) Derivative financial instruments
- b) Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

#### Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

#### Functional and presentation currency

"These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest lakhs (up to two decimals).

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

---

The financial statements are approved for issue by the Company's Board of Directors on May 27, 2019."

### **2.1 Critical accounting estimates and management judgments**

The management believes that the estimates used in the preparation of financial statements are prudent and reasonable.

Information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

#### **Property, Plant and Equipment (PPE)**

The residual values and estimated useful life of PPE are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

#### **Current tax**

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

#### **Deferred Tax Assets**

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained / recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

#### **Fair value**

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

### **Impairment of Trade Receivables**

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

### **Impairment of Non-financial assets (Property, Plant and Equipment)**

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budgets. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill and other intangibles with indefinite useful lives recognised by the Company.

### **Defined Benefit Plans and Other long term benefits**

“The cost of the defined benefit plan and other long term benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.”

## **3 Significant Accounting Policies**

### **a) Current versus non-current classification**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set-out in the Act. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be

### **b) Fair value measurement**

The Company has applied the fair value measurement wherever necessitated at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

---

- i) In the principal market for the asset or liability;
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non - financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

“Level 1 : Quoted (unadjusted) market prices in active market for identical assets or liabilities;“

“Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and“

Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company has designated the respective team leads to determine the policies and procedures for both recurring and non - recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Company's board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosure, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

## **c) Revenue Recognition**

### **Sale of services**

Income from sale of services, which comprise of providing complete infrastructure services required to run, maintain, manage and administer software technology park housing sophisticated modules with infrastructure facilities required for Information Technology / Information technology enabled service industry, is recognised when the services are rendered as per the terms of the agreement and when no significant uncertainty as to its determination or realisation exists. The modules are provided with complete facilities like air conditioning, uninterrupted power supply, generators etc. internet connectivity to offer seamless end to end infrastructure facility required by an Information Technology / Information technology enabled service industry Company to run its business. Elnet has also set up a permanent establishment to maintain these facilities for its customers to ensure uninterrupted business activities.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

### **Interest Income**

Interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

### **Power Generation**

Income from Windmill is taken on a monthly basis upon credit given by Tamil Nadu Electricity Board for units generated and Supplied.

### **Dividend income**

Dividend income is recognized when the company's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

## **d) Property, plant and equipment and capital work in progress**

### **Deemed cost option for first time adopter of Ind AS**

Under the previous GAAP (Indian GAAP), property, plant and equipment were carried in the balance sheet at cost less accumulated depreciation. The Company has elected to consider

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

---

the previous GAAP carrying amount of the Property, Plant and Equipment as the deemed cost as at the date of transition, viz., 1 April 2016.

### **Presentation**

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Advances paid towards the acquisition of tangible assets outstanding at each balance sheet date, are disclosed as capital advances under other non-current assets and the cost of the tangible assets not ready for their intended use before such date, are disclosed as capital work in progress.

### **Derecognition**

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

### **e) Depreciation on property, plant and equipment**

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost. Residual value for all assets is considered as NIL.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013 except for the following items, where useful life estimated on technical assessment, past trends and differ from those provided in Schedule II of the Companies Act, 2013.

<b>Assets Category</b>	<b>Estimated useful life (in years)</b>
Fit outs	4.00
Furniture and Fixtures	4.00
Multi Level Car Park	13.50
Office Equipments	4.00
Vehicle – Car	4.00

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/disposals, the depreciation is calculated on pro-rata basis up to the

date on which such assets have been discarded/sold. Additions to fixed assets, costing 5000 each or less are fully depreciated retaining its residual value.

The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

## **f) Financial Instruments**

### **Financial assets**

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

#### **Initial recognition and measurement**

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities is described below:

#### **Non-derivative financial assets**

##### **Subsequent measurement**

##### **Financial assets carried at amortised cost**

A financial asset is measured at the amortised cost, if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.”

For purposes of subsequent measurement, financial assets are classified on the basis of their contractual cash flow characteristics and the entity’s business model of managing them.

#### **Investments in equity instruments of subsidiaries, joint ventures and associates**

Investments in equity instruments of subsidiaries, joint ventures and associates are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

#### **Investments in other equity instruments**

Investments in equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Company makes an

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

---

irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVTOCI) or fair value through profit or loss (FVTPL). Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. However, the Company transfers the cumulative gain or loss within equity. Dividends on such investments are recognized in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

### Investment in Mutual Funds

Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

Classification	Name of the financial asset
Amortised cost	Trade receivables, Loans to employees, and others, deposits, interest receivable and other advances recoverable in cash.
FVTOCI	Equity investments in companies other than Subsidiaries and associates if an option is exercised at the time of initial recognition.
FVTPL	Other investments in equity instruments and mutual funds.

### Derecognition of financial assets

A financial asset is primarily de-recognized when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

### Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and as at amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

The measurement of financial liabilities depends on their classification, as described below:

### **Derecognition of financial liabilities**

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

### **Derivative financial instruments**

The Company does not hold any derivative financial instruments such as foreign exchange forward and options contracts.

### **Reclassification of financial assets**

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### **Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

---

### **g) Foreign currency transactions and translations**

#### **Transactions and balances**

Transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. However, for practical reasons, the Company uses an average rate, if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

### **h) Taxes**

#### **Current income tax**

Tax expense recognized in statement of profit and loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Minimum alternate tax ('MAT') credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognized in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets on unrealised tax loss are recognized to the extent that it is probable that the underlying tax loss will be utilised against future taxable income.

This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognized outside statement of profit and loss is recognized outside statement of profit or loss (either in other comprehensive income or in equity).

#### **i) Retirement and other employee benefits**

##### **Short-term employee benefits**

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

##### **Defined contribution plans**

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund and super annuation fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

##### **Defined benefit plans**

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

---

### **Compensated absences**

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

### **Other long term employee benefits**

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date.

### **j) Leases**

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to April 1, 2016, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. All other leases are operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals, if any arising under operating leases are recognised as an expense in the period in which they are incurred.

#### **k) Impairment of non financial assets**

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budgets. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

#### **l) Provisions, contingent liabilities and contingent asset**

##### **Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made if realisation of money is doubtful in the judgement of the management.

##### **Contingent liability**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

---

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

### **Contingent assets**

Where an inflow of economic benefits is probable, the Company discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect. Contingent assets are disclosed but not recognised in the financial statements.

#### **m) Cash and cash equivalents**

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

#### **n) Cash Flow Statement**

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

#### **o) Earnings per share**

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

### **3.1 Standards (including amendments) issued but not yet effective**

Ministry of Corporate Affairs ("MCA"), through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment

Rules, has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective from April 1, 2019:

**a) Ind AS 116 – Leases**

On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases standard, Ind AS 17, Leases, and related interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires the lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Statement of Profit and Loss. The standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The effective date for the adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019.

The company will adopt Ind AS 116 effective annual reporting period beginning April 1, 2019. The company will apply the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application (April 1, 2019). Accordingly, the company will not restate comparative information, instead, the cumulative effect of initially applying this Standard will be recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019. On that date, the company will recognise a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the Standard had been applied since the commencement date but discounted using the lessee's incremental borrowing rate as at April 1, 2019. In accordance with the standard, the company will elect not to apply the requirements of Ind AS 116 to short-term leases and leases for which the underlying asset is of low value. On transition, the company will be using the practical expedient provided by the standard. The company is currently evaluating the effect in the adoption of this standard.

**b. Ind AS 12 - Income taxes (amendments relating to uncertainty over income tax treatments and income tax consequences on dividend distribution)”**

On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS 12, Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

## TWENTY EIGHTH ANNUAL REPORT 2018 - 19

---

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

The effective date for adoption of Ind AS 12 amendments are annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives. The Company is currently evaluating the effect of this amendment on the financial statements.

### **c. Ind AS 19- Plan amendment, curtailment or settlement (Amendment):**

On March 30, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 19, Employee Benefits, in connection with accounting for plan amendments, curtailments and settlements. The amendments clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The company does not expect this amendment to have any significant impact on its financial statements.

### **d. Ind AS 23 – Borrowing Costs (Amendment):**

On March 30, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 23, Borrowing Costs. The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. The company does not have any impact from this amendment.
